Annual Report 2018

DIRECTOR'S STATEMENT

This year has brought wonderful new programming and opportunities to Chicagoland children. Each day, I reflect on the lives we are changing and keep thinking, "there are more children out there who don't even have a dream to go to college" and here at College Mentoring Experience we have over 200 young people that now see this as a reality!

WHO WE ARE. . . .

COLLEGE MENTORING EXPERIENCE

The purpose of College Mentoring Experience (CME) is to give every at-risk or under-served minority student an opportunity to have a college education and to be prepared for college by their senior year of high school.

SCHOOL/SITE BASED

A small group mentoring program running in schools and community centers in Chicago. In Fiscal Year 2018, CME proudly expanded to serve over 180 children through seven different schools and community sites on the Westside.

1:1 / COMMUNITY

Community Based matches meet out in the community several times per month and participate in workshops, agency-sponsored activities, and receive tutoring through Sylvan Learning Center.
